

Scholarships for international students

Excited about moving here to study? We're just as thrilled to welcome you. That's why we've created scholarships just for international students. If you're awarded one, you can focus less on finances, and more on learning and experiencing all that Swinburne has to offer.

Up to 75% off your tuition fees

We have a wide range of scholarships available. Some scholarships are awarded based on the grades of your previous study, meaning the better your grades, the higher the scholarship amount. Other scholarships are awarded based on your ability to meet the entry requirements of selected courses.

Further scholarships, separate from Swinburne International scholarships, are also available to international students. Visit our [main scholarships page](#) to find out more.
