**About Queen's**

The UK's ninth oldest university, Queen's blends its proud heritage with cutting-edge facilities for the best experience of University life. Queen's is ranked **180 in the world** (QS World University Rankings 2019).

**About Belfast and Northern Ireland**

The University is situated in Belfast, the capital city of Northern Ireland and it is one of Europe's most hip and vibrant capital cities. There is plenty happening outside the city, including the famous filming locations for the HBO series Game of Thrones, the awe-inspiring Giant's Causeway, and the Mourne Mountains (an area of outstanding natural beauty canonised as CS Lewis' Narnia).

## MSc Business Analytics Programme Overview

Industry reports show a global shortage for data scientists. The MSc Business Analytics is a 1 year full-time programme, which has been designed to bring together key analytics skills alongside core business knowledge, to deliver graduates with a holistic understanding of how data can be used in a business setting.

- **Industry Links:** Developed by staff with industry and academic backgrounds, the course is tailored towards the key skills required to succeed in a business analytics role.
- **Reputation:** Queen's Management School is one of the top business schools in the UK and Ireland. The purpose-built Management School is located at Riddel Hall, situated within the Stranmillis Conservation Areas adjacent to the main University campus.
- **Student Experience:** Students will learn how to use state-of-the-art, industry standard software, such as R, SAS, KNIME, and Tableau.
